

Environmental Policy

This policy applies to all activities undertaken by Adtech Polymer Engineering Ltd and impacts upon key suppliers and customers.

We are committed to minimising the environmental impact of our operations. In particular, we will achieve this through our commitment to:

- comply with all relevant legislations and regulations;
- regularly review the environmental impact of our activities, endeavour to reduce our overall environmental impact and prevent waste, using best practise techniques;
- involve employees in our environmental programme and provide necessary training, to enable them to discharge their responsibilities;
- Sustain a programme of continual improvement in environmental performance, incorporating suitable measurement and monitoring mechanisms;
- Work with key suppliers to encourage them to develop environmental best practise; and
- Improve resource efficiency (including our use of water, energy and raw materials).

This policy is publicly available upon request.
